Builds Deployment Packages

Chocolate, LEGO, Scrum Game.

1. Each package contains one LEGO animal (according to a Product Backlog Item(PBI) work card) and one chocolate candy.
2. Each LEGO animal has a small label with a number affixed to it.
3. The contents don't fall out if turned upside-down.

Deployment Package

1. Contains a PBI work card.
2. Contains a number of small packages with one LEGO animal and one chocolate in each.
3. Has a label with Team Name and Sprint Number on it.
4. The package is closed.
5. Type of animals and their quantity same as in PBI work card.
